Emergency Crop Loans Now Available

Emergency crop and feed loans for 1940 are now available to farmers in Appomattox county, and applications for these loans are now being received at Room 310 P.O. Building, Lynchburg, by J. S. Anderson, field supervisor of the Emergency Crop and Feed Section of the Farm Credit Administration.

Applications may also be received at Appomattox by appointment. See your county agent or write Mr. Anderson for an appointment.

This early opening of the loan program in Appomattox county is part of a plan recently announced by the Farm Credit Administration whereby emergency crop and feed loans are being made available immediately in all areas where farming conditions are seriously affected.

These loans will be made, as in the past, only to farmers whose cash requirements are small and who cannot obtain a loan from any other source, including production credit associations, banks, or other private lenders or individuals.

As in former years, the money loaned will be limited to the amount needed to purchase seed, fertilizer, and other necessities for the production of cash crops.
